

HOW TO SETUP AND ENFORCE DEPARTMENT CODES

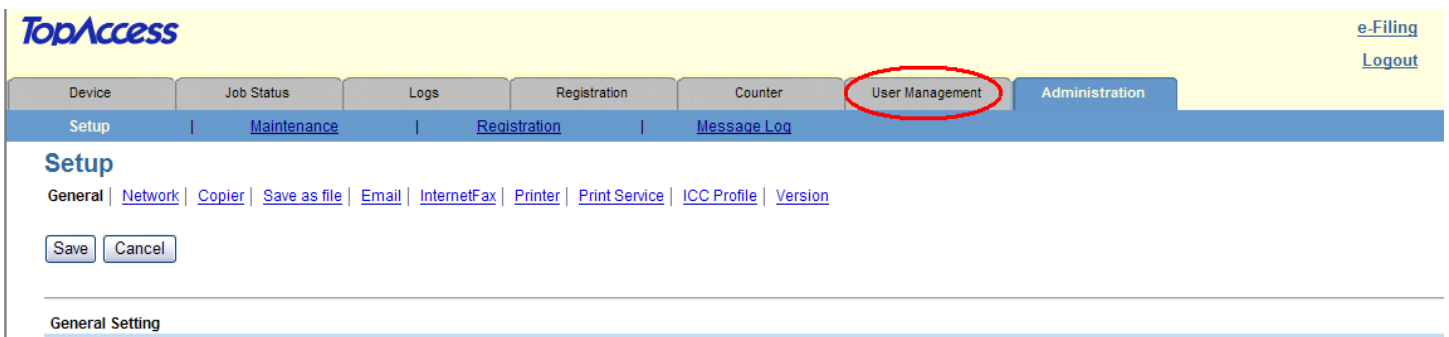

Log into Top Access using the IP Address of the copier. You will see the following screen. Click on the Administration tab.

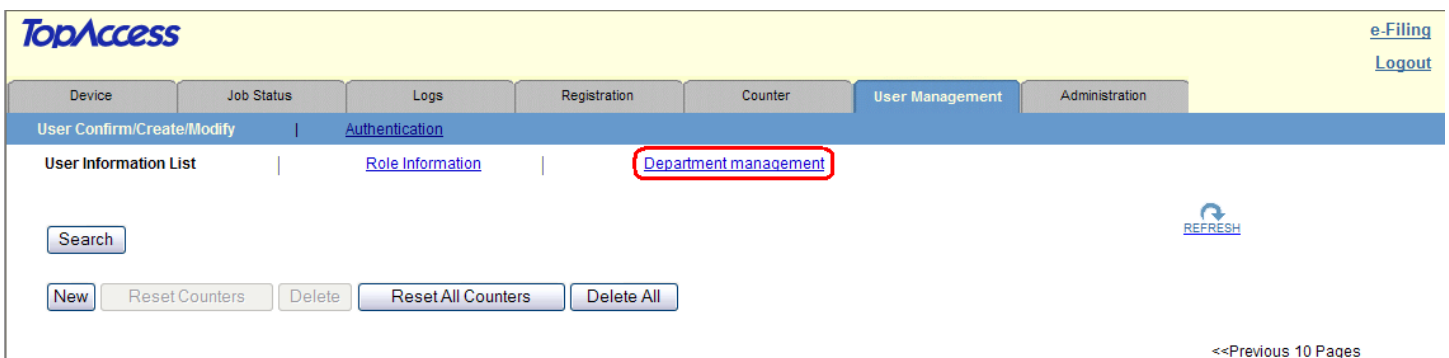

Login with the default Admin password **123456** then press Login.

Click on User Management tab at the top.

Then click on Department Management.

This is where you manage the Department Codes on the copier. Click on New to add a new code.

Department Information

Save | **Cancel**

Department Name:

Department Code:

Set Limitation of Full Color: OFF

Maximum reached for Full Color output:

Set Limitation of Black: OFF

Maximum reached for Black output:

Done | Internet | 100%

Click Save when done.

You can keep adding codes as much as you like. The limitation to the amount of codes is 1000.

Once you have added your code(s), click on the Authentication link in the blue bar under the tabs.

The screenshot shows the TopAccess web interface. At the top left is the 'TopAccess' logo. On the right, there are links for 'e-Filing' and 'Logout'. Below the logo is a navigation bar with tabs: 'Device', 'Job Status', 'Logs', 'Registration', 'Counter', 'User Management', and 'Administration'. The 'User Management' tab is active, and within it, the 'Authentication' sub-tab is selected and circled in red. Below the navigation bar, there are links for 'User Information List', 'Role Information', and 'Department management', along with a 'REFRESH' button. There are three buttons: 'New', 'Reset All Counters', and 'Delete All'. Below these is a table with the following data:

Number	Department Name	Dept Code	Total Printing	Total Scanning	Fax Transmission	Fax Reception
1	test 1	12345	0	0	0	0
2	test 2	23456	0	0	0	0
1001	Undefined	00000	15	0	0	0

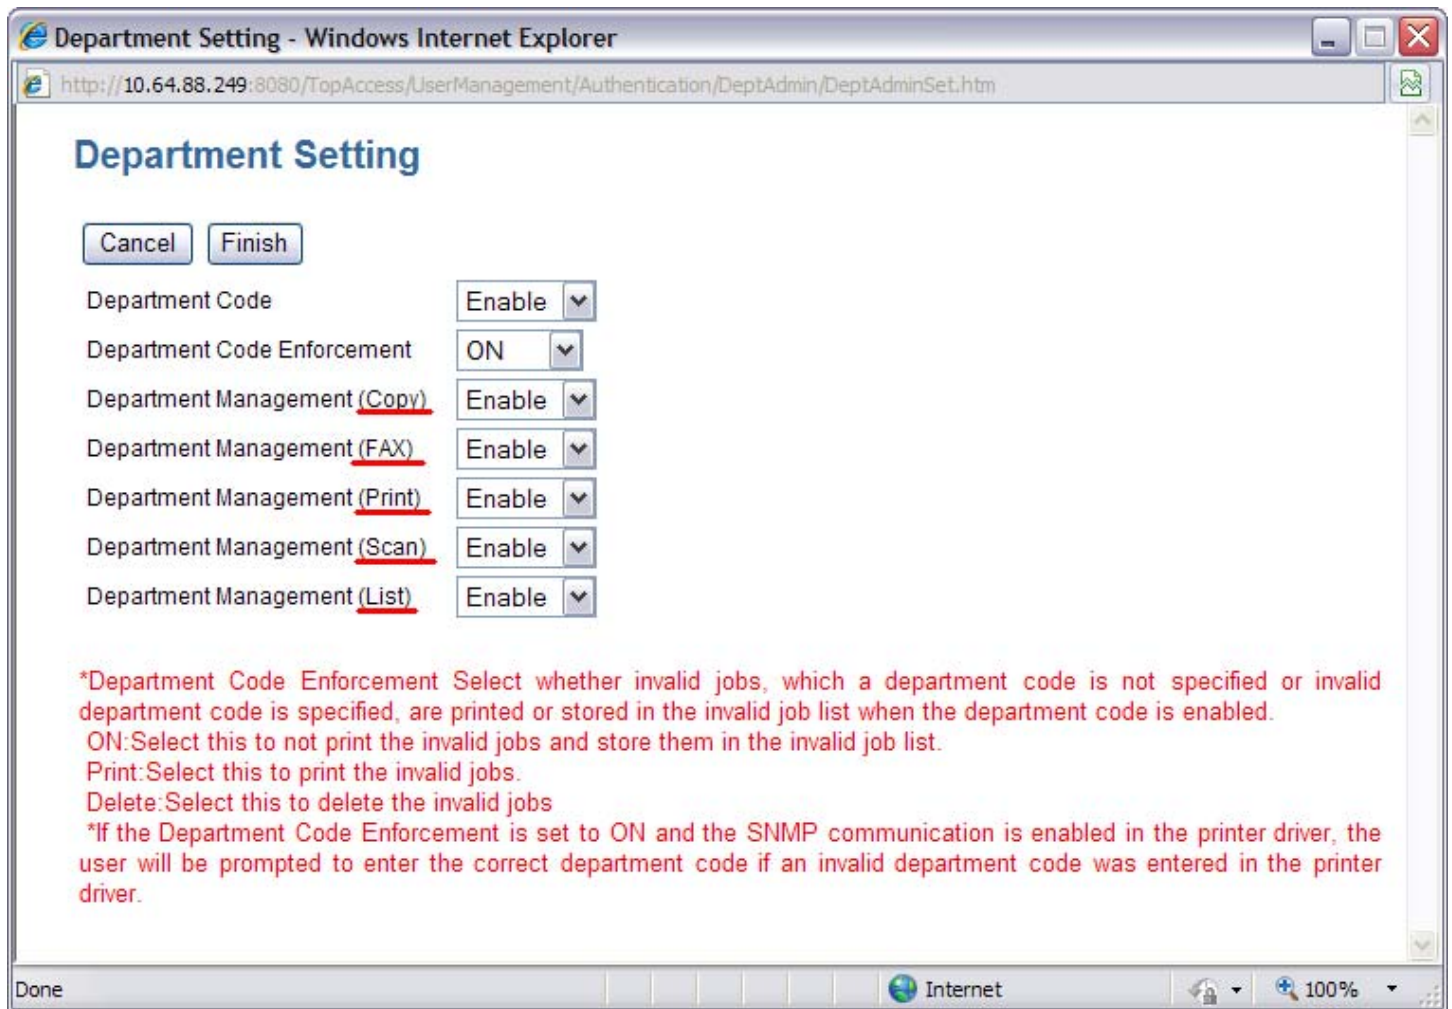

At the bottom left of the table area, there is a link: 'Go to top of this page'.

Select Department Code Setting.

The screenshot shows the TopAccess web interface with the 'Authentication' sub-tab selected. Below the navigation bar, there is a 'Department Setting' button highlighted with a red box. Below the button is a table with the following data:

Current Setting	
Department Code	Disable
Department Code Enforcement	Disable

This is where you can set your enforcement for the Department Codes. First, enable the Department Code. If you do not require a code (for example) with Scan, choose Disable next to the Department Code Setting – Scan. (Note: The option for List is for the technicians printing out reports on the machine when they are servicing it. You can keep this disabled if you would like.)

Click FINISH when you are done.

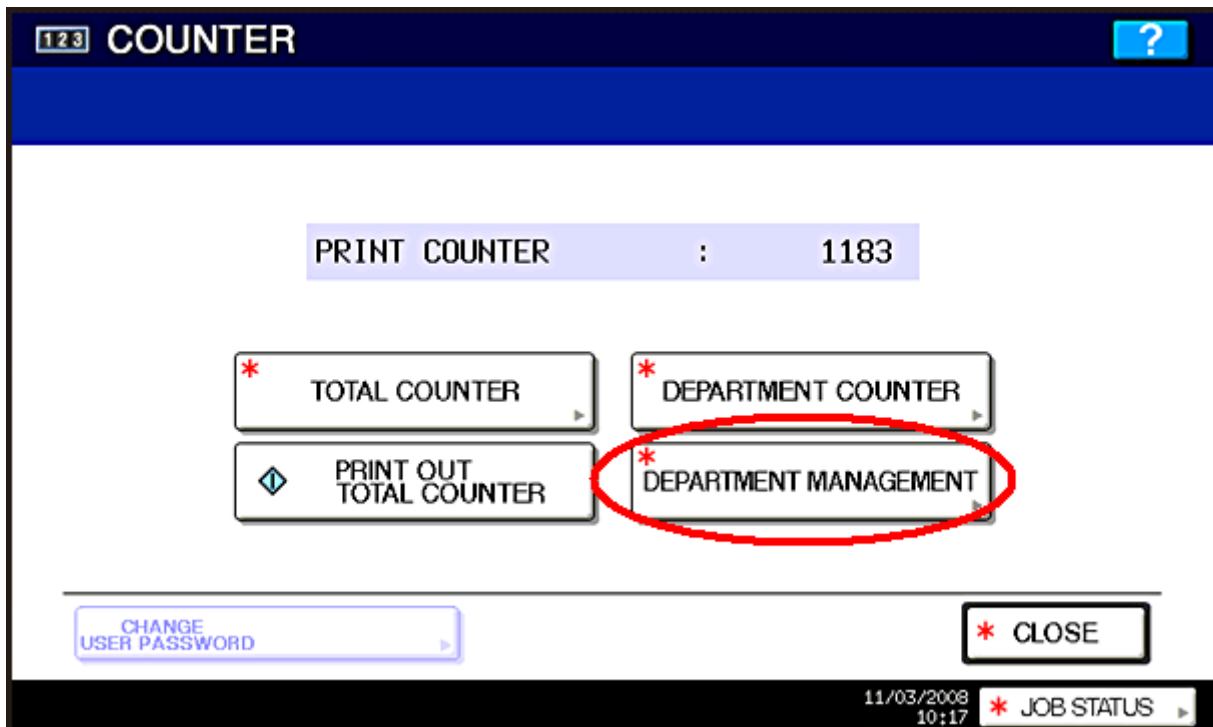

Your Department Code(s) will now be in use and will prompt the user to input when utilizing the device.

If you have a color machine and are only going to limit the color copies/prints, please follow the next steps at the copier:

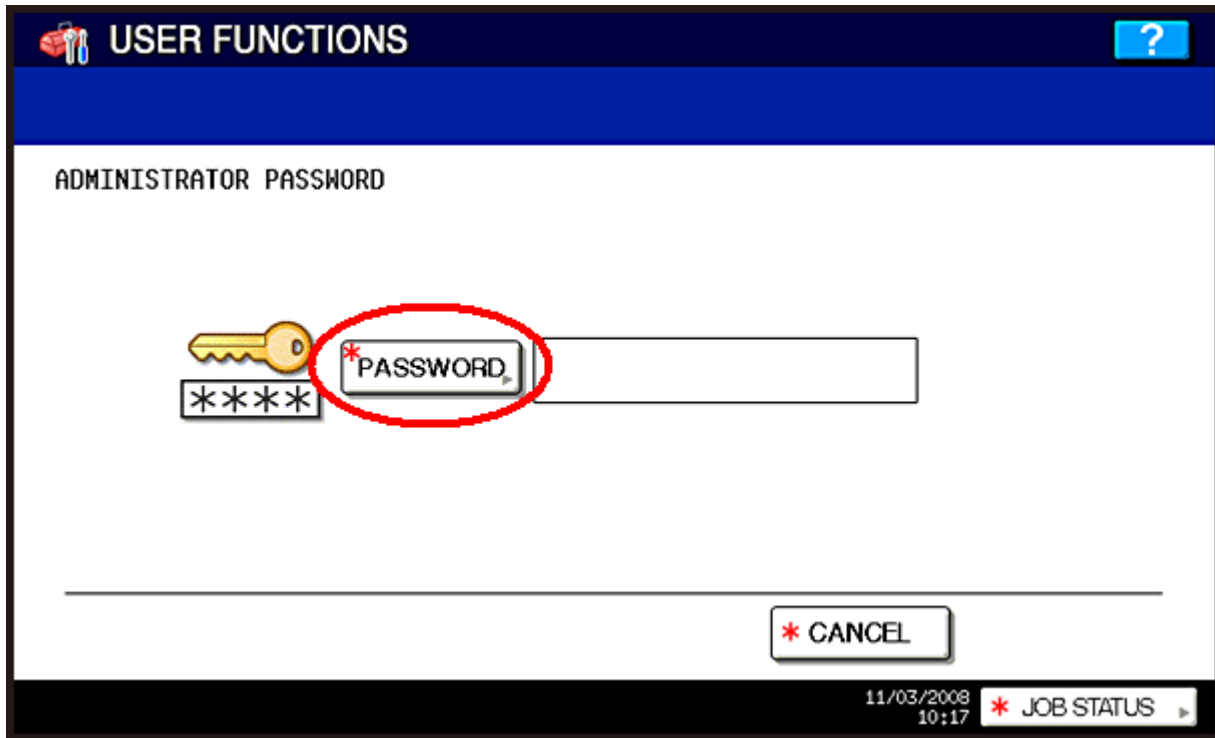

Click on the Counter button.

Click on Department Management.

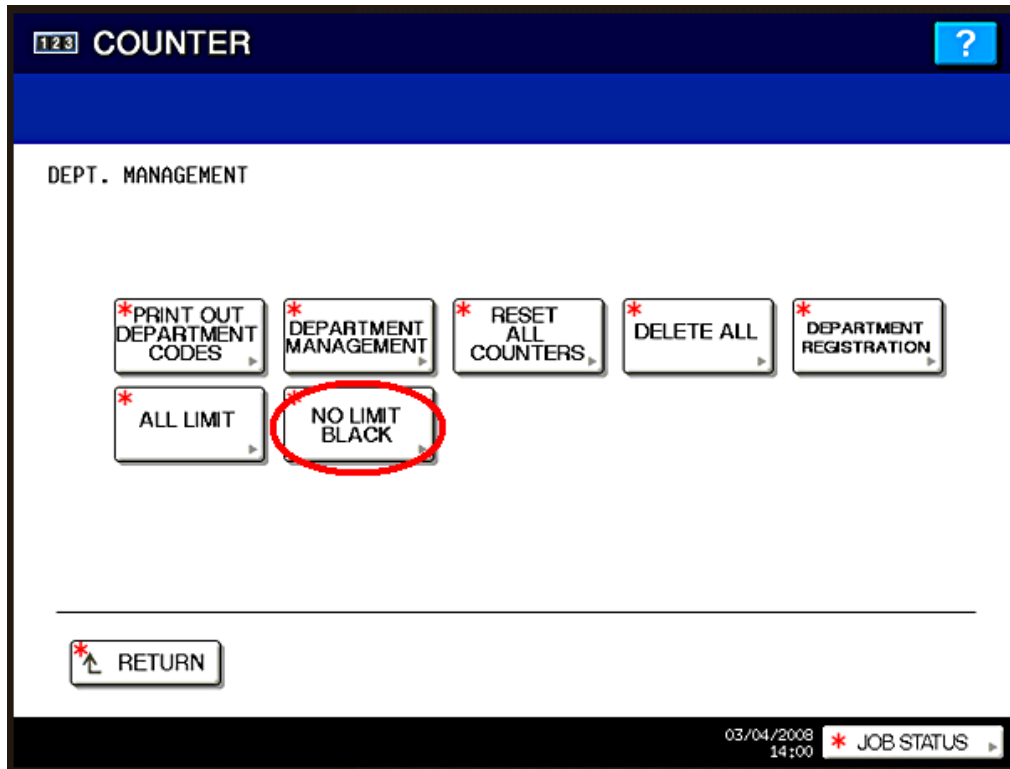

Click on Password.

Type in the Admin password **123456** and press **OK**.

Click on Department Management.

Click on Enable.
