Managing Department Codes

■ Logging on as administrator

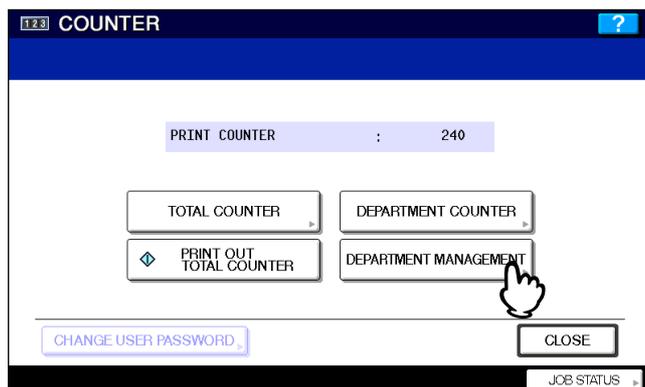

You can audit the copy quantity of copy, print, scan, and facsimile pages performed by setting a department code. Up to 1000 department codes can be registered.

To manage the department codes, you must know the administrator password for this equipment. It is recommended that this action be performed only by an authorized administrator.

Note

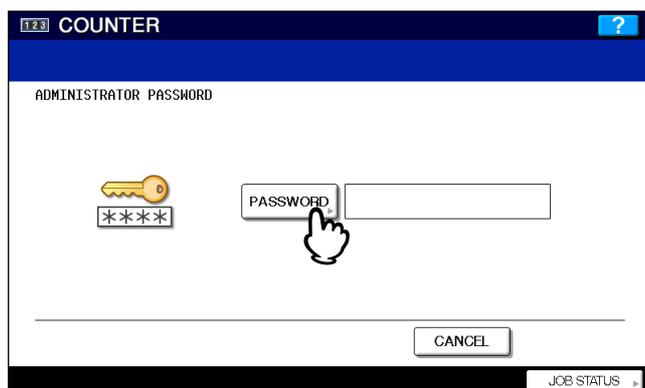

If the User Management Setting is enabled and you log in using a user name with Account Manager privileges, you do not have to enter the administrator password to display the DEPARTMENT MANAGEMENT menu.

- 1 Press the [COUNTER] button on the control panel to enter the COUNTER menu.
- 2 Press [DEPARTMENT MANAGEMENT].

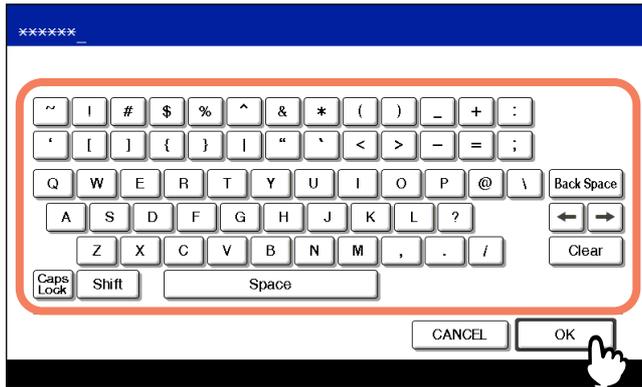

The ADMINISTRATOR PASSWORD screen is displayed.

- 3 Press [PASSWORD].

The on-screen keyboard is displayed.

4 Enter the administrator password and press [OK].

The DEPT. MANAGEMENT menu is displayed.

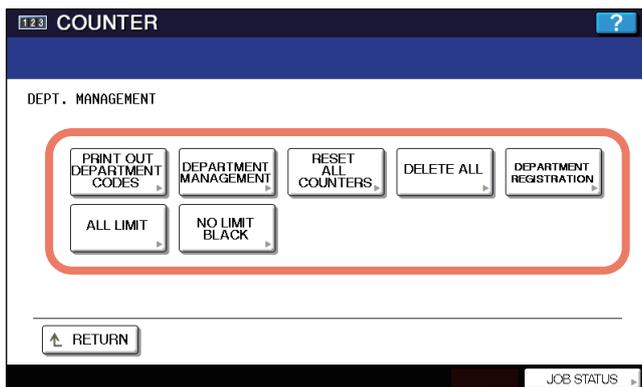

Tip

If the administrator password has not been changed before, enter the default administrator password "123456".

Note

If you enter incorrect passwords three times in a row, the equipment cannot be operated for 30 seconds.

5 Continue the operation that you require.

-  P.191 "Setting output limitations for all departments"
-  P.193 "Setting the no limit black function"

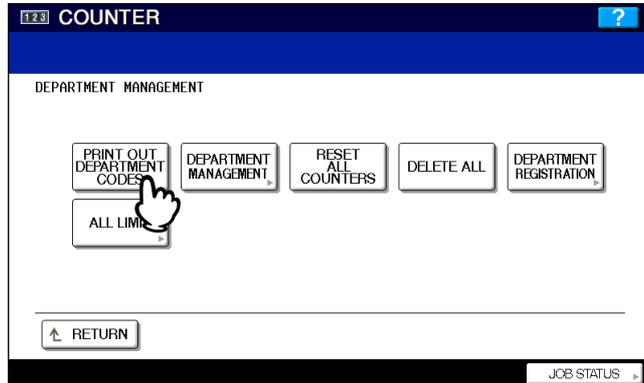

Notes

- Menus other than "DEPARTMENT MANAGEMENT" and "DEPARTMENT REGISTRATION" will be available after you register a department code and enable the department management feature.
- [NO LIMIT BLACK] is available only for the e-STUDIO6530C Series and e-STUDIO4520C Series.

■ Printing department code list

You can print out the department code list and counters for each department code.

- 1 In the DEPT. MANAGEMENT menu, press [PRINT OUT DEPARTMENT CODES].

Printing begins.

📖 P.177 “Logging on as administrator”
- For an output example of the department code list, see the following page:
📖 P.197 “Department code list”

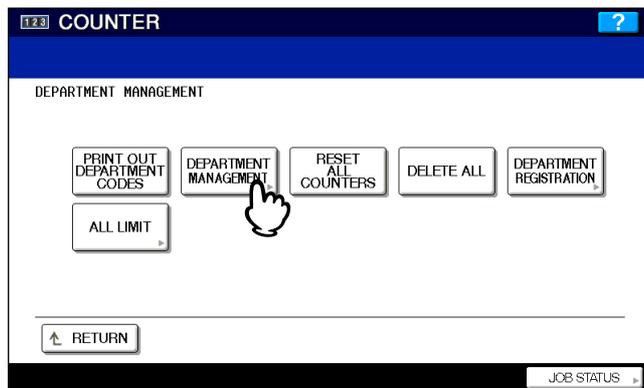

■ Enabling department codes

In the initial setting, the department code feature is disabled. If you want to manage the counter separately by department codes, you must enable department codes. When department management is enabled, the department code input screen will be displayed before entering the copy, scan, fax, and e-Filing operation screens to manage the operations for each department code. In addition, print jobs that are sent from computers can be managed for each department code.

Notes

- [DEPARTMENT MANAGEMENT] will be available after registering a department code. Before enabling the department code, register the required department code.
 P.183 “Registering a new department code”
- Using TopAccess, you can also configure department code enforcement settings specifying whether invalid jobs, for which a department code is not specified or for which the department code is invalid, will be printed or stored in the invalid job list when department management is enabled. For instructions on how to set the department code enforcement, refer to the **TopAccess Guide**.
- The department management function does not support Web Services Scan. Web Services Scan jobs performed when department management is enabled are always counted as “Undefined” Department Name.

1 In the DEPT. MANAGEMENT menu, press [DEPARTMENT MANAGEMENT].

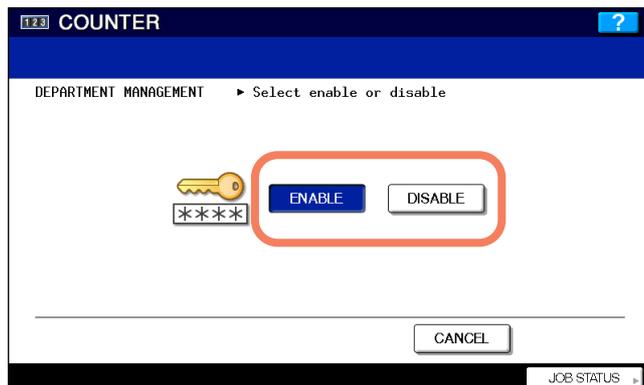

The DEPARTMENT MANAGEMENT screen is displayed.

Tip

For instructions on how to display the screen above, see the following page:
 P.177 “Logging on as administrator”

2 Press [ENABLE] to enable the department code, or [DISABLE] to disable the department code.

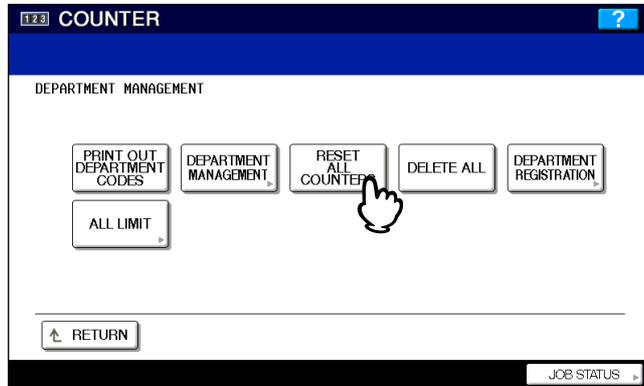

■ Resetting all department counters

This function clears all department counters to “0”.

Notes

- This function is available only when the department code is enabled.
- This function clears only the department counters. You cannot clear the total counter.

1 In the DEPT. MANAGEMENT menu, press [RESET ALL COUNTERS].

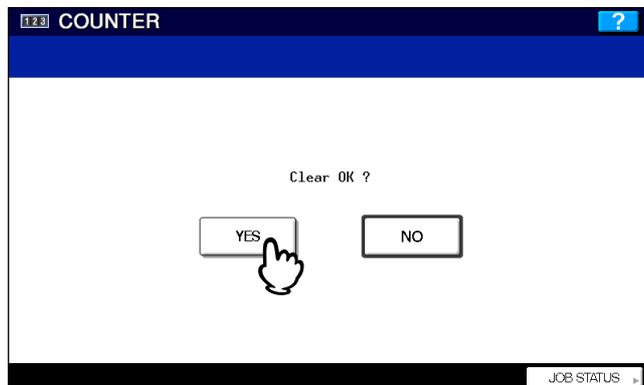

The clear confirmation screen is displayed.

Tip

For instructions on how to display the screen above, see the following page:
 P.177 “Logging on as administrator”

2 Press [YES] to clear all department counters.

Press [NO] to cancel the clear operation.

■ Deleting all department codes
